

LOGICAL FRAMEWORK

Name of the Project:				
	Intervention logic	Objectively verifiable indicators of achievement	Sources and means of verification	Assumptions
Overall Objectives	To support community projects aimed at poverty reduction through improved livelihood systems and the conservation of community natural resources and initiatives for enhanced environmental management and governance.(This is the Broader Objective of the CEF Programme)			
Specific Objectives	<i>What specific objectives the Project is intended to achieve to contribute to the overall objectives? (List a maximum of 3)</i>	<i>Give a maximum of 2 indicators that show that the objective of the Project has been achieved?</i>		<i>Which factors outside the Beneficiary's responsibility are necessary to achieve that objective?</i>
Specefic Objective 1:				
Expected Outputs	<i>The outputs are what the project will accomplish (list a maximum of 3 outputs)</i>	<i>Give one indicator for each output to measure if the Project achieves the expected results?</i>	<i>What is the source of information for the indicator</i>	<i>What conditions must be met to obtain the expected results on schedule?</i>
Output 1				
Output 2				

	Intervention logic	Objectively verifiable indicators of achievement	Sources and means of verification	Assumptions
Output 3				

	Intervention logic	Objectively verifiable indicators of achievement	Sources and means of verification	Assumptions
Activities	<i>What are the key activities to be carried out and in what sequence in order to produce the expected results? (list a maximum of 6 activities)</i>	<i>Means: What are the means required to implement the activities (staff, equipment, training etc). Cost: Also indicate the cost for each Project.</i>	<i>What is re the sources of information about progress of the activities.</i>	<i>What pre-conditions are required before the Project starts</i>
Output 1				
Activity 1.1				
Activity 1.2				
Activity 1.3				
Output 2				
Activity 2.1				
Activity 2.2				
Activity 2.3				
Output 3				
Activity 3.1
